Copy of letter dated 5th July 1938 from the Rani Saheb of Jigni to H.H.the Yuvaraja of Mysóre.

My dear Yuvaraja Saheb,

It is a long since I have got no opportunity to get a news about your welfare. Please be kind enough to let me know how are you getting on for which I am really very anxious. I always pray to God to keep you all happy.

This is only the sourse of my happiness in my life that I finished well the marriage of my younger daughter and this was only the task for me. According to secular customs of the human race, I devoted myself in the worship. Now you are just like a father to my daughter as she is in your house, it is my humble request to you to pay always your kind attention towards her ~~troubles and~~ make her happy. This is my utmost desire to see happy my daughter in the rest days of my life.

I am alright here and hope this will find you in the enjoyment of excellent health. Tell my much love to your daughters. My nephew is sending his namaskar to you with best respects. Rest is alright.

With best wishes,

Yours sincerely

Sd. Rani Saheba of Jigni
